

Sleep Acceleration

The only sleep supplement on the market using these top four ingredients to help you get to sleep quickly and stay sleeping throughout the night.

Did You Know...

Sleep plays an essential role in your body's ability to get and stay healthy. Unfortunately, many people experience sleep problems and do not get the appropriate rest they need. Whether the problem is falling asleep, staying asleep, or getting into the stages of deep sleep, the body will be unable to recover optimally, and health may be compromised as a result.

Sleep Acceleration uses a combination of four amino acids that all support a function of the body's ability to fall asleep, get into deeper sleep or stay asleep longer, so you can wake up feeling rested.*

The HealthSource Difference

Sleep Acceleration sets itself apart from other sleep aid solutions by offering:

QUALITY

- Natural Ingredients: Uses a blend of natural amino acids to support better sleep.
- Safe and Non-Habit Forming: A non-pharmaceutical, supplement-based approach that is safe for regular use without the risk of dependency.

FEATURES

- Convenient Capsule Form: Easy-to-take capsules that fit seamlessly into your nightly routine.
- Designed for Accessibility: Available over-the-counter, making it easy to incorporate into your health regimen.

BENEFITS

- Improved Sleep Quality: Helps you fall asleep faster, stay asleep longer, and wake up feeling refreshed.
- Reduced Stress: Promotes relaxation by reducing stress and anxiety levels.
- Natural Hormone Support: Enhances natural melatonin production.
